

Partnership programme for MGAs and brokers

How many times in the last few months you have wished you could pick up the phone and reach an actuary who knew your business and you could trust to answer a question or who could assist you analysing or reviewing a specific account? Or who could come with you to an important client meeting?

Today actuaries are involved in every aspect of the business and underwriters and brokers rely on them more and more for data and analytics, and during the negotiation stages.

The top three reasons small to medium MGAs and brokers rely on us for the actuarial support they need:

- 1) Access to an experienced pricing actuary who knows and understand their business.
- 2) Better pricing methodologies, models and data.
- 3) Increase confidence with insurance and reinsurance partners and clients.

Our membership programme is ideal for small to medium managing agents and brokers who need actuarial support during key stages of the annual business cycle but not enough demand to justify a full time actuary.

For a reasonable pre-agreed monthly fee the benefits include:

Telephone, e-mail and face to face consultation.

Technical training sessions for all members of the team.

24/7 access to online technical training courses.

Competitive consultancy rates for projects.

The investment? The membership fee starts at £1,750+VAT per calendar month and can be tailored to meet your specific requirements.

To find out more, please get in touch by e-mail at info@matblas.com or call us at 020 7510 9690 to arrange a no obligation initial consultation. Terms and conditions apply.
